To whom it may concern:

We have had the pleasure to work with **Enida Turkeshi** for the last few months on several translation projects in the following language combinations: English-Albanian and Albanian-English. The projects included texts of a general nature as well as more specialized texts in the medical field.

What we appreciated most about our cooperation with Enida is her flexibility and commitment to deadlines. We all know how paramount is in this line of business to have reliable translators who respect their deadlines, and, therefore we warmly recommend Enida for other translation projects.

As far as the quality of her work is concerned, we were satisfied with both quality of her translations as well as other quality determinants: layout, text integrity, accurate reproduction of proper names and numbers from the source text.

We consider that she has the maturity to handle extensive translation assignments as she has proven during her cooperation with us to take her tasks very seriously.

Should you have any further questions, please feel free to contact us.

Yours sincerely,

Željko Šušljic
